

Background information for preparing a plan of group health education

Each ASHA has to make arrangements for conducting group health education program in her village once in every six months. Depending on her knowledge about her own village each ASHA should fill following information which will help in deciding when the program should be conducted in her village

1. Which two months of the year are suitable for women? _____
2. Which time of the day is convenient for the women to assemble? _____
3. Which enclosed place in your village is large enough to accommodate 30 women? _____
4. Does your village have power supply? Yes / No
5. With whom will you discuss to decide date and time of the program? _____

6. How many pregnant women and their mothers or mother-in-laws will be present for the program?

7. In case of power supply failure what alternate arrangement can be made?

8. What difficulties do you envisage if this film is to be shown in a public function to all the villagers?

Name of the ASHA : _____	Date : _____
Name of the trainer : _____	Total score : _____
Block : _____
